

NATIONAL ADOPTION MONTH

November is National Adoption Month

National Adoption Month gives Children's Home Society the opportunity to raise awareness of adoption-related issues and the need for adoptive families for children living in foster care. There are more than 11,000 children living in foster care in North Carolina, and 2,000 of those children are available and awaiting permanent adoptive families.

CHS is North Carolina's leading adoption agency, completing six times more adoptions than any other private agency in the state – 203 last year and more than 16,000 adoptions throughout our history. We celebrate adoption, not only in November, but throughout the year!

For more information about becoming an adoptive parent, or supporting our work, visit chsnc.org.
