Smart

Bre is a 16-year-old girl who enjoys listening to music and hanging out with her peers. She is sweet natured and wants to please others. Bre loves movies, makeup, and spending time with people she loves. Her foster parent say that she is respectful and takes initiative to help with house chores. She loves animals and she volunteers at a local veterinarian's.

Bre would benefit from an active family who also allows her to be active in clubs, has animals, and allows her to be in touch with her birth family. She is looking for a family to provide a safe, stable, and nurturing environment.
