Funny  
Curious  
Caring  
Sociable

Darrious has matured greatly in the past year. He enjoys outings, sports, pizza, and video games (Switch), and Manga books. He has a lot of energy and likes to laugh and make others laugh.

It is important to him to stay in contact with his older siblings who have aged out of foster care. He will thrive in a family that can provide equal amounts of structure and support, and who can channel his fun-loving exuberance. He also has a long-standing desire to have a dog.
