

Fabian is a charming, energetic young man, with a bright infectious smile and great sense of humor. Fabian loves being outdoors riding bikes or scooters and playing at the park. Like many boys his age, in his free time Fabian enjoys playing video games and watching the Marvel Superhero movies. Fabian shares that his dream day would consist of going to the trampoline park and then dinner and a milkshake at Cook-Out. Fabian shares that he really likes to eat and some of his favorite foods are chicken tenders, french fries, corndogs, and cereal.

Fabian is caring, active, and excited to find a family to call his own. He desires an adoptive family who participates in activities within their community, and enjoys family vacations, as he enjoys going to the beach, the mountains and amusement parks.

Fabian has two older sisters in care who he desires to remain in contact with through telephone calls and occasional visits. The team feels this contact would be beneficial, as the siblings have a strong bond, and positive influence on each other. The treatment team feels Fabian would do well in a home with another child or where he is the only youth.
