

# Faith

Age 17

I want to work in a profession where I can make a difference in the world.

Faith is an ambitious teenager with lots of interests and a plan for her future. She is a “go-getter” and was working part-time by the age of 15. She likes to stay busy and enjoys reading. She loves Harry Potter and has read all the books and seen all the movies! Faith is athletic and her favorite sport is volleyball. Faith works to earn good grades and will be attending college after graduating from high school.

Faith would enjoy a forever family who is “straight up, real and honest” and appreciates her willingness to express her feelings. She loves animals, especially cats. Her siblings are important to her, and any family would need to support her in maintaining her relationships with them.
