"I NEED a  
puppy!"

Hi! I'm Heather. I'd say I'm pretty girly. I like dying my hair and doing my nails and makeup. For fun I enjoy acting out scenes from my favorite movie. My favorite movie is Twilight because I like vampires and I think Edward is cute. My favorite show is Vampire Diaries because it's interesting and I never know what is going to happen next. I also really love music, especially pop and country. Pop because it gives me something to sing and dance to and country because when I'm sad I can just sit down and sing my heart out and calm down.

I love animals and really want a white Labrador puppy one day. I hate seafood! I love spaghetti and pizza. I LOVE chocolate cake and anything chocolate. If I could go anywhere in the world I would want to go to the prettiest beach. I don't ever remember going to a beach, but I love beaches. I see them in movies and TV and they look so pretty.

I love going to water parks and amusement parks even though I'm so afraid of heights. I'm not a fan of skating because I'm not good at it and I kept falling. Lol

The most important thing to me in a family is being able to trust them. I want to know I can go to them, and I won't be yelled at or made to feel like I don't matter. I don't like people yelling at me or being blamed for things I didn't do. Communication is very important. If I do something wrong, please don't yell at or dismiss me and tell me to go to my room. Talk to me about what I did wrong, and we can come up with a solution together. I want a mom and dad and I don't care about having siblings, but I need to have my personal space and have it be respected. I really want a big sister who can help me if I feel down and who I can just hang out with. And I NEED a puppy!
