Jasmine is a charming, outgoing, and inquisitive young lady, with a bright and infectious smile. Jasmine enjoys playing board games, being with friends, swimming and playing word games on her tablet. Like most girls her age, Jasmine loves stuffed animals, and using her imagination when playing with her dolls. Jasmine shares that she enjoys cooking with her foster parent and looks forward to baking cookies and cakes for others at holiday celebrations. Jasmine says that she likes to eat and does not consider herself a picky eater. Some of her favorite foods are pizza, chicken fettuccine, and ice cream.

Jasmine is caring, active, and excited to find a family who will support her hopes, goals, and dreams. She desires an adoptive family that consists of both a mom and a dad. She would like to have siblings and a pet. It is important to Jasmine that her adoptive family is an active family who participates in church and fun activities together in the community. It is also important to Jasmine that she be allowed to maintain contact through phone calls and occasional visits with her two siblings who are also in care.
