

Layla

Age 13

“My goal in life
is to become a
great person.”

Layla says she is weird, funny, sometimes annoying, nice, and she likes to give compliments. Layla enjoys spending time in her room, watching TV, reading books, and listening to music. She likes to have friends over to play board and card games (and sometimes video games). She enjoys playing soccer, cheerleading, archery, tumbling, basketball, riding her bicycle, ice- & roller-skating, walking in nature, and swimming. She also likes to go places, go out to eat, and watch movies. She wants to be a nurse when she is grown.

Layla's family will have a mom to do girly stuff with, go to church, be active, talkative, and chill sometimes. Her home will feel safe, have her own room, and have pets (that don't shed too much). She would like to be the youngest child in the home. Her family will support her playing sports and extracurricular activities and will come watch her. Her family will travel and will learn and try new things. They will help her maintain contact with her grown sisters.
