

Lela

Age 15

Playful
Happy
Loving

Although Lela has multiple physical and mental disabilities, she is a happy 15-year-old girl with a smile that will touch your heart. Although she cannot talk with her words, she expresses herself through her smile and laugh.

She is placed in a residential nursing facility and enjoys sitting on the floor and playing with her favorite toys. Youth is joyful and brings a smile to anyone's face she interacts with.

Our hope for her is that we will be able to find a family who will love her and make medical decisions for her throughout her lifetime.
