

“Hello, my name is Siah, and I am 9 years old. The thing I like the most about myself is that I am funny. My best friend says that I am nice and kind. My goal in life is to play soccer and be a karate teacher. My favorite thing about school is recess. I am most proud of myself for achieving my goals.

I am really good at karate with kicking and chopping boards. My heroes are my dad and mom (foster parents). If I could visit any place on Earth, it would be St. Lucia. If I could have a pet, it would be an alligator. The most fun I have ever had was watching movies. If you looked at my room you would learn that I love Lego blocks.”

Siah has a strong bond with his two siblings who have been placed. He would like to stay in touch with them. He needs a loving home that provide attention, affection, and support for his continued contact with his siblings. Siah does well with other children and would do great in a home with older or slightly older siblings.
